HOW TO MAKE THE MOST OF YOUR

KidZania®

EXPERIENCE!

1 THE BANK
Set up your bank account and bank card here! With 20 kidZos on hand, you can start to explore the city immediately. Alternatively you can head to the bank to activate your debit card which has 30 kidZos. If the queue is long, you can always come back later.

2 GET A HANDY LANYARD
Purchase a lanyard with plastic holder from the KidZania Shops to keep your park map and kidZos conveniently and safely.

3 CHOOSE YOUR CAREERS
With so many different role-play activities, you will be spoilt for choice! Check the Census Board displayed outside each establishment to know more about the activity, minimum age, duration of play and how much kidZos you can earn or need to pay. Not sure what to do? Just head over to the Job Information Centre to find out what are some of the suitable jobs for you!

4 EARN MORE KIDZOS WITH A DEGREE
Getting a degree at the University can help you earn more kidZos, depending on the course you take and the job you do.

5 BECOME A CITIZEN TODAY!
Parents can sign up for the B-KidZanian programme so their kids can enjoy privileges like earning extra kidZos and exclusive discounts. To find out more, head over to the PaZZport Office opposite the Parents Lounge at the Mezzanine Floor.

6 WHERE PARENTS HANG OUT
While the kids are having fun in the city, parents can relax at the Parents Lounge located at the Mezzanine Floor.

7 TODDLER ZONE
For the younger kids, they can join in the fun too at the RightZKeepers Residence or Kindergarten located on the Mezzanine Floor! There will be puppet shows, storytelling and they can even bring home a little bit of nature.

8 BRING HOME A MOMENTO
Get exclusive KidZania Singapore souvenirs at the KidZania Shops! Be sure to visit them on the First Floor.

9 SNAP A PHOTO OR TWO
Capture your best moments while you are hard at work! You can purchase them from the Photo Booth located on the First Floor.

10 WE HOPE TO Z-U AGAIN!
As you exit through Customs & Immigration, your security bracelet will be removed.
